Honorable Commissioner of

Washington, D.C. 20231

Sir:

Applicants' counsel is in receipt of the PTO Corrected Filing Receipt dated December 10, 2002 for the above identified pending patent application, a copy of which is attached hereto. Upon verifying the accuracy of the data presented on the Corrected Filing Receipt it was noted that there are errors in the Assignment For Published Patent Application category for this invention which were introduced by the Patent Office. In particular, the PTO incorrectly omitted three of the four Assignees of the present application. As evidenced by the attached copy of the Assignment and Recordation Form Cover Sheet, the Assignment For Published Patent Application should read as follows:

Kiyohito Ishida  
Dokuritsu Gyousei Houjin Sangyo Gijutsu Sougo Kenkyusho  
Katsunari Oikawa  
Daido Tokushuko Kabushiki Kaisha

It is respectfully requested that the Patent Office records be corrected to reflect the correct Assignees, as identified in the Assignment For Published Patent Application, and that the undersigned be provided with a corrected Filing Receipt.

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

~~This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.~~

~~The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.~~

Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
